

GERMANS RETREAT ON AISNE FRONT

UNITED STATES PICKET BOAT FOUNDERED; 12 MISSING.

NO NORTHWEST BOYS IN CREW RAIDERS SUNK

British Navy Active Against German Sea Rovers in Scandinavian Waters

FIVE ARMED TRAWLERS SUNK BY DESTROYERS

Another Clean-up Effected of Craft Which Menaced Commerce of Allies

Washington, Nov. 3.—The navy department has been advised that a picket boat of an American battleship in home waters has foundered and its crew of 12 men are missing. It is believed the men are lost. The navy department issued the following statement:

No Northwest Boys Lost.

"The navy department announces that on Oct. 30 the picket boat of the United States battleship Michigan foundered. Apparently the entire crew was lost. The finding of the bodies of three of the crew and the failure to find any other trace of the boat or its occupants leads the department to believe that all were lost."

The navy department issued the casualty list but no boys from the northwest were among those lost.

Twelve men—all the crew of the picket boat of the battleship Michigan—were lost when their little craft foundered in home waters.

The brief announcement of the disaster today by the navy department has no details. Presumably the boat was on patrol duty and foundered in a heavy sea or met with some accident. Three bodies have been found, and inasmuch as all the others are missing, the navy department assumes they were lost.

SINK TRAWLERS.

Copenhagen, Nov. 3.—A German commerce raider and five armed trawlers have been sunk by British destroyers in Scandinavian waters. The commerce raider, which was disguised, and the trawlers were sunk yesterday in the Skagerrak, an arm of the North sea between Norway and Denmark. The British destroyers thus effected another clean-up of German naval forces in Scandinavian waters.

A report from Elsmore, Denmark, today said wounded men from a German auxiliary cruiser sunk in the North sea were landed there.

BOAT DESTROYED.

London, Nov. 3.—An attack was made today on British vessels patrolling the Belgian coast by an electrically controlled, high speed boat. The boat was destroyed.

An admiralty statement says 10 armed patrol craft, in addition to the German auxiliary cruiser, which was equipped with six inch guns, were destroyed.

Washington, D. C., Nov. 3.—Use by the Germans of an electrically controlled boat off the Belgian coast was taken here to mean that a device similar to the radio-controlled torpedo with which the United States has been experimenting for some time has been developed by German engineers to supplement their land batteries along the coast.

The theory of distant control of boats, torpedoes or airplanes, through the use of radio apparatus, is an old one. In this country, basic patents for a device of that character were obtained by Rear Admiral Fiske approximately 20 years ago.

No practical application of the theory to boats or torpedoes was of record until John Hays Hammond, Jr., began his experiments and worked out the plan with which the government has been experimenting.

RAIDER CAUGHT.

Copenhagen, Nov. 3.—The sinking of the German raider Crocodile and five armed German trawlers is reported by men on Danish steamships. The Crocodile was a new ship of nearly 1,000 tons and carried a crew of 160 men.

FIVE MILLION JOIN FOOD PLEDGE DRIVE

Washington, Nov. 3.—With probably little more than half the country heard from, returns from the food pledge week campaign today passed the five million mark. A statement issued today said it probably would be at least ten days before anything like complete results could be announced since New York has definitely decided to carry its drive over another week. Indications are that about 25 other states will follow suit.

"You Americans Have Fate Of World in Your Hands" Is Harry Lauder's Message

HARRY LAUDER

(Harry Lauder, famous Scottish singer, has recently reached America fresh from the front line trenches in France, where he gave the best of his art to the soldiers. His only son, Jack Lauder, was killed in action in France.—Editor's Note.)

In an interview with Frederick M. Kirby

HARRY LAUDER SAYS:

New York, Nov. 3.—"There is no man, no woman, no child in America today who can be spared in the great and terrible work of helping win the war. If I could bring home to everyone in this land the duty of doing his part, while the lads now in France and the hundreds of thousands soon to join them are doing their part, it would be the best service I could render to the world."

"They asked me last night for 'The Wee Hoose Among the Heather.' I sang it for them—but I told them the song is a hymn now—ever since I sang it for 15,000 Scottish soldiers formed about me in a horse-shoe at Arras. That 15,000 has just been through the hell on earth that the Hun has made in fair France—they were 15,000 lads longing for the wee home among the hills of Auld Scotland."

"Many a lad from America must go through that hell—that the Hun may be banished from the world forever—and many a lad will long for his wee home over here before this devilish war is done. Then can anyone who stays at home do less than give of his all to see that those boys shall come safely home again?"

"I would give every dollar I have and ever expect to possess in this world to have my own boy back again! And many is the life that can be saved, if everyone who must stay at home will help. You have given dollars to your government in two Liberty loans. You may be asked for more—must be asked for more if victory is to come. But the sooner the whole resources of the nation are put into the one bus-

iness of making the world a place where brute force and the reign of might can never enter again, the less will you be called upon to sacrifice in the long run."

"Every family can save a soldier's life, perhaps, by saving an insignificant amount of food daily. Every ounce of energy that can be concentrated in Europe at this time shortens the struggle. If you want to bring your lads home again soon, HELP THEM TO WIN THE VICTORY!"

"We, over there, have learned what sacrifice means. We have been close to the terrible danger. We have seen Belgium and France suffer, and we have known what it would mean if the enemy broke through. You, over here, can scarcely realize the terrible nature of that danger. To you, it must seem the struggle is far away. And yet America is like a city in a valley, at the head of which, far away, is a dam holding back a flood of dangerous waters. The flood is far away, but if the dam breaks—the fate of the city is sealed."

"This is YOUR struggle—the world struggle to make peace possible. The feature of civilization itself is at stake. If the free peoples of the world cannot crush out the brutal savagery that plunged the world into war, they have no right to live in it. Have the hundreds of thousands of brave lads who have sacrificed their lives that YOU might be safe, died in vain?"

"You Americans have the fate of the world in your hands. The holding back of even one individual lasses by so much the chances of the allied democracies to crush the power of savagery and brutality. If I could only make it plain—as it has become plain at home—that every individual bears his INDIVIDUAL RESPONSIBILITY for the success or failure of this war, then there would be no doubt of the answer."

"America has done wonders—but it is not yet half aroused. When it is FULLY aroused there can be no doubt as to the result. The lads over there will not have died in vain!"

TO CURTAIL MANUFACTURE OF ALL NON-ESSENTIALS

Washington, Nov. 3.—A government project now under advisement would curtail to a great extent the manufacture of non-essential commodities during war time, and would utilize the plants for the production of materials needed for the conduct of the war. At a conference of automobile accessories manufacturers with government officials yesterday plans were discussed for the partial utilization of each factory for the making of munitions and other fighting necessities.

ZAP GARAGE BURNS.

Zap, N. D., Nov. 3.—Zap's second fire within a short period early Thursday morning completely destroyed the frame building occupied by the Zap Motor Co. Eight autos and some equipment was saved. The building and contents were valued at \$5,000.

ROMANCE RESCUED; MIGHTY MOUSE MAY BE CANCELED AT WILL

Minot, N. D., Nov. 3.—Romantic Magic City men and maids are not to be deprived on the pleasure of canoeing on the Mouse River. Judge C. W. Buttz upholds this ancient privilege in an order which he has just handed down denying an injunction against boating on the Mighty Mouse, and holding that it is a navigable stream.

MCMINTOSH COUNTY'S FIRST SLACKER WILL BE HEARD NEXT WEEK

Ashley, N. D., Nov. 3.—McIntosh's first slacker to be placed under arrest is Jacob Moler, arraigned before U. S. Commissioner E. M. Harrison on a charge of failure to register, although he is 21 years old. The accused will be arraigned before Judge Allen November 9.

200,000 TAKEN PRISONER, SAYS BERLIN REPORT

War Office Claims Big Capture of Men in German-Austria Drive on Italian Front

TEUTONIC ATTEMPTS TO REACH RIVER DEFEATED

Retreat to New Position Geographically Described in Associated Press Correspondent

Berlin, Nov. 3.—More than 200,000 prisoners have been taken in the Austro-German campaign on the Italian front, the war office report. There was no important fighting on this front yesterday.

The statement says that on the Rhine-Marne canal as the result of a reconnoitering thrust, North American soldiers were brought in the Rhine-Marne canal runs in a north-eastern section of France, in which there has been little fighting during the course of the war. It crosses the French front at a point near the German border, 20 miles northeast of Lunville.

PRESSURE ON WEST WING.

Rome, Nov. 3.—Austro-German pressure was more noticeable yesterday in the western wing of the Tagliamento line says the statement issued today by the Italian war office. Attempts made by the Teutons to reach the right bank of the river, the statement adds, have been defeated by the Italian troops.

The intensity of the convulsion through which the Italian army is passing makes individual impressions doubly forlorn. Yet as a witness at the extreme front up to the day of retreat and then as a participant in the retreat to the new position westward, the correspondent's experience is typical of those hundreds of persons that the army removed from the danger zone.

Horizon Abuzz.

The correspondent succeeded in boarding an automobile of the last British Red Cross unit to leave. A final look at midnight from the top of the Red Cross building found the eastern horizon was ablaze with continual explosions as the Italians blew up munition depots and bridges to impede the advance of the enemy and screen their own retreat.

The correspondent, describing the exodus of the fugitives, says they comprised people of all classes—in automobiles, in vehicles of all epochs and oxcart-driven carts. Some persons transported their belongings in hand carts, while others carried them. There were women with half-naked children in their arms, and others crying or beating their breasts because they had lost their children in the confusion.

Foot passengers made quicker progress than those in motor cars, as the latter, about every ten yards were forced to stop for half an hour, owing to the crush. After six long weary hours the band of refugees with whom the correspondent was proceeding, had made only six miles in rain and a strong cold wind which chilled everyone to the marrow.

Pets Not Forgotten.

Even in their haste many persons carried pets with them. Dogs and even cats frequently were seen, and a soldier was observed who with great difficulty was keeping his cloak about him, sheltering a tiny puppy. Some women in ox carts had geese and other fowl with them.

MOVE MANY TROOPS.

Geneva, Switzerland, Nov. 3.—Swiss soldiers stationed on the Alpine heights on the frontier in the canton of Grisson report that since the Germans captured Udine the number of troops going toward Trent have doubled. Heavy artillery trains are hidden by smoke curtains made by the Germans.

The Swiss soldiers declare there is evidence that the Germans were surprised by their success against the Italians, but intend to take every advantage of the situation.

CAN EXTRACT KICK FROM BEER WITHOUT PAYING WAR REVENUE

Washington, Nov. 3.—Regulation to pave the way for removal of alcohol from beer for industrial purposes, and conversion of the residue into soft drinks were issued today by Daniel C. Roper, commissioner of internal revenue. Beer may be piped from a brewery to a distillery without payment of the usual removal tax, but a wall with openings must be constructed between the two establishments if they are under the same roof. After the alcohol has been removed and denatured, according to law, the residue may be piped back into the brewery without tax payments, to be made into a soft drink.

UKRAINE NEW OBJECTIVE OF GERMAN ARMS

Rumored Teutons Plan Operations on a Grand Scale Along the Riga Front

KERENSKY'S INTERVIEW FEATURED BY BRITISH

Press Intimates That Premier's Appeal has been taken too Seriously

TO INVADE UKRAINE.

Petrograd, Nov. 3.—General Tschermisseff, commander in chief on the northern front, who has just made a trip to Petrograd, said the Germans were planning operations on a large scale, including landing of troops on the shore of the Gulf of Bothnia under the protection of their fleet. He also said he expected a vigorous action on the Riga front. The newspapers say a German offensive is expected in Moldavia, with the object of invading Ukraine.

Russian troops in the Vishneff sector yesterday fraternized with the German troops, it was announced today by the Russian war office.

Vishneff is a town on the Russian front southeast of Vilna, and north of the Nieman river.

London, Nov. 3.—Most of the morning newspapers print Premier Kerensky's interview with the Associated Press conspicuously. The Petrograd correspondent of the Daily Telegraph, who is now in London writes:

"Premier Kerensky's statement seems to have been taken a little too seriously in some quarters. It even has been construed as a hint Russia is toying with the idea of a separate peace. This theory should not be allowed to establish itself."

Russia Worn Out.

"Probably all Kerensky wished was to indicate facts. It is true that Russia is worn out. The essential fact is that what Russia has, she has given."

The writer then tells of the sacrifices in men that Russia has made, and recalls the revelation in the trial of General Soukhomlinoff, former minister of war, of how Russian heroes stood up with only sticks, stones, and fists against the organized German troops.

Needs Indulgence.

The writer also emphasizes the privations of the civilian population, and the shortage of food since the middle of 1916 and adds:

"Already people are dying of hunger in some northern provinces, and it is not pleasant to think what the situation may become some time in the future. What Kerensky wants is indulgence for Russia's weakness, and Russia certainly has deserved indulgence for her efforts and sufferings."

HERTLING MAY HAVE SUPPORT OF ALL PARTIES

Copenhagen, Nov. 3.—Chancellor von Hertling evidently will have behind him at the start at least, the united support of all parties in the reichstag, except the conservatives and radical socialists. He will be started on his way with a formal vote of confidence after his speech outlining his policy.

According to the chancellors organ, the Germania, the reichstag will be convened in mid-November, especially to listen to the declarations of the new head of the government. An interpellation will be the occasion for the speech because the rules of the reichstag permit the members to register their opinions of the government after an interpellation debate.

AGED WOMAN ROBBED BY THUGS CHANGING CARS IN WILD WEST

Mohall, N. D., Nov. 3.—Mrs. J. Pixley, aged 74, is at the home of her son, A. L. Pixley, near Mohall, pending the outcome of efforts which are being made to recover \$100 of which she was robbed by thugs who held her up while she was changing cars at Shelby, Mont., en route from Alberta to her home at Dallas, Tex.

65 Names Cut To Five In U Prexy Quest

President Slagle of University of South Dakota Among Most Favored Prospects

SALARY NOT SUFFICIENT TO ATTRACT BIGGEST MEN

From an original field of 65 possible candidates for the presidency of the University of North Dakota, the board of regents, which meets at Grand Forks on Dec. 4, will have five names from which to make a choice. At the meeting of the board here this week a committee of the university faculty, headed by Dean French, reported that the possibilities had been sifted down to 10, of whom not more than five might be considered really available, inasmuch as the others, even as deans, were receiving a better salary than the University of North Dakota pays its president. President R. L. Slagle of the University of South Dakota, one of the northwest's most popular educators, was among those most highly favored, but it was noted that he is now receiving the same salary which North Dakota can offer him, and that there might be no inducement for him to desert a state which has treated him very well by making him successively head of its agricultural college, college of mines and its state university.

Others included in the 10 names submitted are: Dean K. C. Babcock, liberal arts, University of Illinois; Thomas N. Carver, dean of agricultural economics, Harvard; L. D. Coffman, dean of education, University of Minnesota; Frank A. Fetter, formerly of Cornell and Princeton; H. R. Hatfield, vice president of the University of California; R. C. Howe, New York author, lawyer and sociologist; J. S. Young, professor of economics, University of Minnesota; S. Grant, formerly dean at North western university, and W. T. Foster, president of Reed's college, Portland, Ore.

To Defend Laon.

There is no hint in the official report from either side as to whether any further retirement by the German crown prince is in prospect. He was compelled by the superiority of the new French positions to fall back at least as far as he has. Probabilities seem he will take up positions on the heights just north of the Ailette, which command the approaches to Laon, keynote of the German's western front at its southwestern base.

British destroyers have put an end to the career of a German commerce raider in an arm of the North sea.

East Bank Cleared.

General Cadorna has halted on the western bank of the Tagliamento, momentarily at least, to face the oncoming Austro-Germans. The eastern bank of the river, Berlin reports, has been cleared of Italians from where the Tagliamento turns from Talmio to the Adriatic.

Italian guns are bombarding the invaders along the new line, but apparently no attempt has been made by the Austro-Germans to force the crossing of the river. There are no indications as to the whereabouts of the Austro-Germans where to be driving through the Carnic Alps early in the week, in an attempt to turn the flank of the troops and guns into the Trentino. This might mean either to strengthen the Austrians there, or to start a drive south from Trent, in an attempt to cut off the Italians now on the Venetian plains.

Count von Hertling, it is announced officially from Berlin, has been appointed imperial chancellor in succession to Dr. George Michaelis, who retired to another but unnamed, official position. The new chancellor apparently has the support of the reichstag element, except the socialists and the conservatives. The socialists, however, will give no active opposition until the count's policies are known more clearly.

ENGAGE LARGE NUMBERS.

Washington, Nov. 3.—The British and French forces in Flanders have kept engaged about half the total German forces on the western front, without any success being reported for the Germans, according to a review of the situation made public today by the French high command.

There is clear proof, the statement says, that the Germans were forced to employ successively 70 divisions to hold the allies in check in the battle of Flanders, or about one-half their total forces on the western front, and that they suffered enormous losses.

ENGAGED IN CATAGGAT.

The admiralty announces that certain British forces have been engaged in the Cattegat, an arm of the North sea, between Sweden and Denmark, and that prisoners are being brought in. No further information is at hand.

HARD HORN'S RED SKIN PONY SHIES AT PALEFACE CAR

Ryder, N. D., Nov. 3.—Hard Horn, 70-year-old Indian brave, astride a redskin pony met a paleface automobile on the reservation near Shell Village. The pony took exceptions to such ultra-modernity, and in the bucking match which ensued Hard Horn was unseated, sustaining a fractured rib and numerous other injuries which have put him in the agency hospital.

PETAINE DRIVE FORCES ENEMY TO WITHDRAW

Crown Prince Assembles Forces on Heights of Ailette to Defend Laon

CENTRAL POWERS HALT IN ITALIAN CONQUEST

Plans of Continuing Offensive not Disclosed—Hold Tagliamento Bank

By Associated Press.

Blowing up bridges as they retreated, the Germans on the Aisne front in northern France, have given up their precarious hold on the Chemin des Dames plateau and retired to the north bank of the Ailette river, along a front of approximately 13 miles, closely followed by the French. This retirement by the German crown prince has been in prospect since the recent successful drive by General Petain southwest of Laon, which carried the French to the bank of the Oise-Aisne canal at the westerly end of the Chemin des Dames and gave them domination of a large section of the German lines to the east.

As appears from today's Paris official statement, the Germans are now on the north bank of the Ailette, a maximum distance of a mile back of their previous position, while the French have moved up to the south bank of the river.

To Defend Laon.

There is no hint in the official report from either side as to whether any further retirement by the German crown prince is in prospect. He was compelled by the superiority of the new French positions to fall back at least as far as he has. Probabilities seem he will take up positions on the heights just north of the Ailette, which command the approaches to Laon, keynote of the German's western front at its southwestern base.

18,312 FAMILIES IN NORTH DAKOTA SIGN FOOD PLEDGE

Dr. E. F. Ladd, State Administrator, Well Satisfied With Progress to Date

North Dakota has 18,312 families who have signed the food pledge, announced Dr. E. F. Ladd, state food administrator, today. Yesterday 2,108 signed pledges were received at the offices of the administrator. North Dakota's quota, based on recent census statistics, is 105,000 pledges. It is not probable that the number of pledges received by the end of the week will approximate more than half this number. Dr. Ladd, however, is well pleased with the progress made, and is confident North Dakota will do its share in food conservation.

INSURANCE DEGREE OF PYTHIANS BUYS LIBERTY BONDS

Patriotism of Order Exemplified in Investment of Grand and Local Lodge Funds

R. L. Best, S. R., member of the North Dakota grand lodge of Knights of Pythias, is in receipt of a message from W. T. Sprake of Casselton, grand keeper of records and seal for North Dakota, containing notice from John J. Brown, supreme chancellor of the order, that the board of control in session at Indianapolis, Ind., on Oct. 25 purchased \$100,000 worth of the second liberty loan bonds, making the Pythians' total investment \$150,000. The board of control is in charge of the insurance department of the Knights of Pythias. The supreme lodge was the first to pledge \$500,000 as a Pythian war relief fund, which will be almost if not fully subscribed by Nov. 15. The Bismarck lodge, St. Elmo No. 4, was the first fraternal organization in the Capital City to subscribe for the first liberty loan, investing \$1,000 at the outset of the campaign. St. Elmo lodge in other ways has practiced the teachings of the order, earning for it a warm place in the esteem of Bismarck. The Knights of Pythias order was

URIC ACID

Every since the discovery of Schiele in 1775 that uric acid was found within the body—most eminent physicians agree that rheumatism is caused by it; also many distressing symptoms as headache, pain in back, stomach distress, swollen feet and ankles, gout, etc. Neglected kidney trouble is responsible for many deaths.

It was Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., who discovered a new agent—called Anuric, a harmless remedy—that if taken before meals will carry off the uric acid from the system and in this way the pains and aches, the creaky joints and all the distressing symptoms of rheumatism and other maladies disappear. You can easily prove this yourself by obtaining Anuric at almost any drug store, or send Dr. Pierce 10c for trial pkg. Try it and be convinced Anuric is many times more active than lithia and eliminates uric acid as hot water melts sugar.

PERSONAL

Livingston, Mont.—"In the sixth month of expectancy I was frightened to such an extent that the doctors said I would surely lose my baby, and were not sure that they could save me. A neighbor who was a nurse advised Dr. Pierce's Favorite Prescription. I took three bottles of it. I saved my baby and I am in perfect health today."—Mrs. W. S. Mearns, 305 S. I St.

If you are a sufferer, get Dr. Pierce's Favorite Prescription in liquid or tablet form today. Then address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and get confidential medical advice entirely free.

Rex Beach, author of "The Barrier," of which the big ten act film revision will be the attraction in Bismarck for the last three days of next week.

Old Rivals Meet on Northwest Gridirons In Annual Contests

Old rivals meet on northwestern gridirons today. At Madison, the historic annual battle between Minnesota and Wisconsin takes place; at Fargo, North Dakota and the Aggies clash, and in St. Paul, Carleton college and Macalester meet.

Records so far this season make Minnesota a slight favorite over Wisconsin. Coach Williams seems to have developed a team worthy of Gopher traditions, though the war took many of his stars and veterans and he was forced to round out a team composed in a large part of green men. On the other hand, though Wisconsin suffered a 7-0 defeat at the hands of Illinois, the Badgers twice were within striking distance of the Illinois goal and Coach Williams may have developed the "pinch" necessary to turn potential touchdowns into real ones.

Titular honors of North Dakota depend on the outcome of the day at Fargo. Reports indicate that both the Aggies and the varsity have been pointed for the battle and critics hesitate to prophesy the result.

Carleton's record so far this season gives little information on which to base a guess at the outcome of the game in St. Paul. Macalester has had a series of tough battles, but already has suffered defeat and Carleton, to establish a just claim to a share in leading state honors, must win today. St. Thomas' squad, which has made a great showing so far this season, will take on perhaps its strongest opponent of the year in meeting Marquette at Milwaukee. Prep school interest centers in the Pillsburg-Shattuck game at Owatonna.

STATE'S ATTORNEY SAYS KIDNOS MUST HAVE THEIR CHANCE

Determined Campaign to Convince Parents of Importance of Obeying Law is on

Jamestown, N. D., Nov. 3.—A determined campaign to force parents and guardians to send their children to school has been started throughout the entire county by Miss Mary McGinnis, county superintendent of schools, and State's Attorney John W. Carr. Three warrants have been issued against families residing in the vicinity of Cleveland charging them with negligence in not sending their youngsters to school. They will be brought into justice court the latter portion of the week on this charge.

SUGAR AND FLOUR FIRST TO FEEL EFFECTS OF U. S. PRICE REGULATION

Considerable Decline Noted at Jamestown—Merchants Report More Sweetener

Jamestown, N. D., Nov. 3.—Food prices dropped for the first time in weeks in Jamestown when flour was quoted at \$5.85 per hundred, selling practically all during the summer and early fall for \$6.10 per hundred. Sugar is now selling ten pounds for the dollar, formerly selling eight pounds for an iron boy.

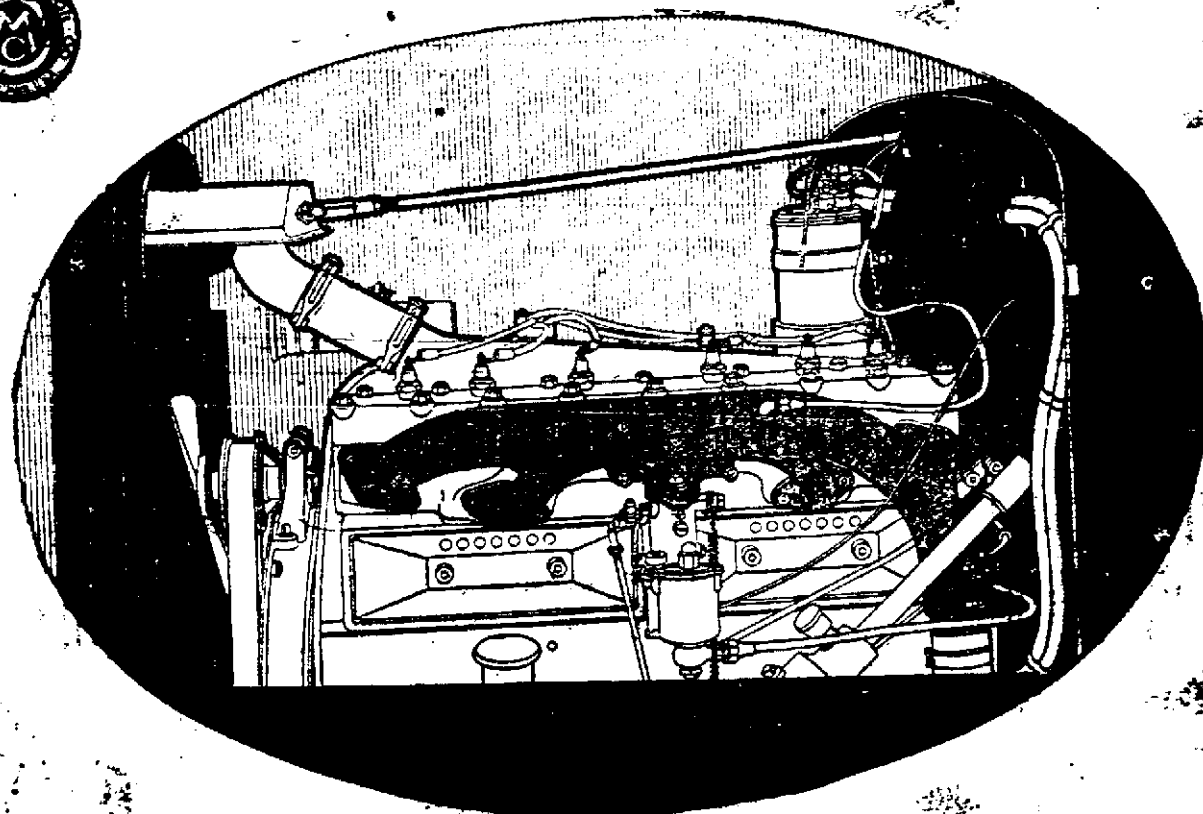

Local merchants report that the sugar shortage has been somewhat relieved, although they still refuse to sell more than 50 cents worth to one customer.

ATHLETE MAKES RECORD Sells \$200,000 Worth of Bonds in One Week's Campaign

Minneapolis, Minn., Nov. 3.—Lieut. Addison Douglas, University of Minnesota star athlete and last year captain of the Gopher basketball team, writing to relatives from Camp Robinson, Wisconsin, says that the Seventeenth regiment regular army, in one week's campaign, subscribed \$200,000 to the second liberty loan, an average of about \$100 per man.

The Coming of a GREAT ENGINE

It Makes High Power Out of Low Grade Gas

Men who drive cars are face to face with a condition that becomes more and more serious each day.

That condition is the constantly declining grade of gasoline.

Nearly every engineer has said goodbye forever to high-grade gas.

For the moment, and possibly for all time, multi-cylinders, counter balanced crankshafts, and little tricks with valves give way in engineers' discussions to the "gas problem."

Every alert engineer is bending his utmost to make "one drop of gas now do the work of two."

Just as great situations produce great men, so out of this condition has come a great engine.

It is a Chalmers. It makes high power out of low grade gas.

Compared with other engines of the same size or thereabouts, it shows:

More power • More rapid acceleration
Greater economy • Greater length of life
Greater smoothness

And an amazing ability to start quickly on a cold day, and to "warm up" without delay.

The Chalmers engine is a simple one. That is one reason why it is so good.

In many engines of the moment the gas passes on its way from the carburetor to the cylinder through a tunnel, which runs all the way through the engine block.

Before the gas gets to the cylinder it is forced to turn many sharp angles and does not become completely mixed with the air.

This results in raw gas running into not only one but all the cylinders, particularly when the car is cold, and especially when running for the first five or ten miles.

In the case of the Chalmers engine this type of intake manifold has been completely eliminated.

A new manifold, termed "The Rams-horn," has been constructed of simple piping. It is on the exterior of the engine. It is a manifold of easy curves so that there are no sharp corners for the raw gas to lodge against and be pushed into the cylinders.

The next development was to give the gas the proper amount of heat after it came from the carburetor.

What is termed a "hot plate" is built in at the top of the throat of the carburetor so that the gas coming straight up from the carburetor hits the "hot plate", the dimensions of which have been worked out very scientifically, and then passes around the easy curves of the smooth manifold in a perfect state of mixture and at the proper temperature to each of the cylinders.

The case of this Chalmers engine has been proved.

1. On August 1 and 2, Joe Dawson drove a Chalmers equipped with this same engine 1,898 miles in 24 hours—faster and farther than anyone ever before had traveled on land, sea or air.

If there's a flaw in pattern, or part, a solid day of bitter, brutal speed will find it.

2. There are over 1,000 Chalmers containing this engine now in use. They check up past all expectations.

Therefore, the Maxwell Motor Company, which has leased The Chalmers Motor Company, has put its O. K. on this engine, and accordingly on the Chalmers car.

90 per cent of any automobile is the engine; and no car can be a bit better than its engine.

So you are safe in writing your check for a Chalmers.

Walter E. Handman

President and General Manager
Chalmers Motor Car Company

ST. PAUL HOMES TO BE THROWN OPEN TO PORT SNELLING THANKSGIVING

St. Paul, Minn., Nov. 3.—A suggestion that St. Paul homes be thrown open to the soldiers at Fort Snelling on Thanksgiving day and that at least one enlisted man be the guest at Thanksgiving dinner, is being welcomed throughout the city.

Louis W. Hill, president of the Great Northern Railroad company, has been named chairman of a committee which will work out the details of the suggestion. "We expect that every

soldier who can leave the reservation will be treated to a real home cooked dinner," Mr. Hill declared.

WOULDN'T HAVE MISSED ST. PAUL PEACE MEET

Writing to a newspaper friend in Montana, W. J. Prater, North Dakota's new land commissioner, says:

"I would not have missed the St. Paul convention under any circumstances, and I believe that every man who was there realized the rare privilege of listening to such a splendid aggregation of speakers. I do not know where or when in the past so large a number of earnest working men and women have given forth their best efforts at one meeting. I

also had the pleasure of meeting your congresswoman, Jeannette Rankin."

From Gladstone—G. W. Sorber of Gladstone was a Bismarck visitor yesterday.

MATINEE
Bismarck Theatre
Monday Afternoon

Everyone attending the regular matinee will be presented with a Big Y Apple when leaving the theatre.

As an added attraction 2,000 feet of film will be shown, describing the various methods employed in raising and marketing Big Y Apples

Cadman and Songbird Given Big Ovation by Bismarck Music Lovers

Charles Wakefield Cadman, noted American composer of Indian music, and Princess Tsianina, the Indian songbird, were given a big ovation last evening by Bismarck lovers of music. Seldom have any artists been extended by Bismarckers the heartfelt commendation tendered Mr. Cadman and the Princess. Long after the notes of the mezzo soprano died away on her last number the audience still waited, seeming loath to give her up. It was a great success for both Cadman and the Princess.

Tsianina's voice is beautiful in itself and the inflections with which she colors the text and infuses into the songs are most artistic. Her voice has a plaintive note, especially in the mezzo-voice, which adds so much to her songs. With her Indian costume of chamel colored leather and her ornaments of various colored beads she looked regally lovely. It seems to have been left for Tsianina to interpret the songs of her people. She has caught the spirit of the primitive music as shown in her interpretations of such numbers as "Invocation to the Sun-dog," by Troyer, and Cadman's "The Moon Drops Low," and "Ho! Ye Warriors on the Warpath." The merits of her work were fully appreciated by the audience who had her sing "The Rose" twice, and a group of four encores sung by John Barnes Wells instead of two as announced by Cadman.

After Mr. Cadman plays a few strains one knows he is master of his art and instrument. His wonderful musicianship is at once apparent. For his first group he played three of his own numbers and one from Kramer. His group from "Thunderbird, Night Song," "Love Song," and "Wolf

Dance," were well received. Most interesting was his talk on Indian music and his showing of various Indian musical instruments including a genuine glagoleet. As Tsianina sang song after song of Cadman's the variety and beauty of his talents were revealed.

Bismarckers and the state of North Dakota owe much to Mrs. W. F. Cushing of Fargo for the bringing here of the very best musical talent before the public today. It is to be regretted that the Auditorium was not filled to its capacity. Only through her efforts has Bismarck been privileged to hear what the rest of the world enjoys in the way of fine music.

Mr. Cadman, the princess and Mrs. Cushing left this morning for Grand Forks, where they will give a concert this evening. Mr. Cadman will go from Grand Forks to his old home in Pittsburgh and will give a concert there at the Carnegie Music hall November 16. The princess goes to Montana to pose for the Northwestern Film company.

SILK-MAKING SHOWN AS MATINEE FEATURE

As a special attraction at the matinee Monday afternoon at the Bismarck theatre a 2,000 foot reel will be put on showing the art of manufacturing silk as done by the Belding Brothers and Company. Rhoda I. Christiansen of the educational department of the company will be present and give a lecture describing the various scenes shown. The picture is shown through the courtesy of the A. W. Lucas and company store.

Leaves Hospital—Mrs. F. C. Ellis and baby have returned to their home in the Kupitz block from the Bismarck hospital.

Birth of Son—Born to Mr. and Mrs. R. M. Joines of Menard, a daughter this week at the Bismarck hospital.

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

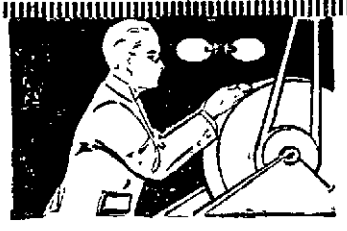

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Bank SERVICE for all

"WHERE HAS THE MONEY GONE?"

Face to face with a new month and nothing on hand but bills, bills, bills!

That is the situation that confronts many men and women in Bismarck the first of every month, and most of them make good money, too.

The reason is that they do not keep an accurate account of how their money is being spent. A Check-account at this bank is a check on expenditures.

Pay by check and you can have a receipt for every purchase—and an accurate account of to whom, for what and how much money has been paid.

There is no charge for this service.

"This War Will End When We Win"

declared War Secretary Baker last week, and almost on the same day, Lloyd George announced that he could "see no road to peace but in victory."

Without ignoring any of the shadows in the outlook, Allied observers are unanimous in their conviction that the Central powers are cracking under the strain. In proof of this they point to the recent brilliantly successful French offensive on the Aisne front, when in one day's fighting General Pétain's troops advanced two miles on a six-mile front, capturing 8,000 prisoners and 70 big guns; to the ceaseless methodical advance of the Ypres wedge by Haig's steam-roller tactics; to the heavy toll taken of Germany's naval forces by the Russian fleet in the Gulf of Riga battle, when fifteen German war-ships were put out of action; to the capture by the French of four super-Zeppelins in one day; to Germany's heavy withdrawal of troops from the Riga front to make possible an Austrian offensive against Italy; and to the ominous rumors of a growing spirit of mutiny in the German and Austrian fleets.

The leading article in this week's LITERARY DIGEST (November 3d), is a careful summing-up of the news from various quarters and its significance upon the outlook for peace through victory.

Other articles of uncommon interest in this number of THE DIGEST are:

Will You Send "The Digest" To An American Soldier in France?

"I notice in your last number, a plea for all Americans to help entertain American soldiers by furnishing scrap-books, etc. Having been in this mess some time and talked to a lot of American and Canadian soldiers, I would like to retort. If you want the soldiers to be happy in hospitals and out, make it easier for them to get ahold of the best paper published. My copy of 'The DIGEST' goes to twenty-five men, at least. It is practically impossible to buy THE LITERARY DIGEST in Paris, and absolutely impossible anywhere else. No other paper begins to cover the ground."

Very truly,
E. F. BASSETT, American Field Service, in France."

LESSONS FROM ITALY.

The allies are "rushing supplies" to Italy.

In the meantime, presumably, the Italians are getting along as best they can without those supplies. Which consist in what? For the time being, shells primarily, say the news dispatches.

But a number of months ago Italian statesmen indicated unless coal and food, as well as shells, were hurried to them, it would be impossible for General Cadorna's brilliant activities on the Isonzo front to continue. Coal was particularly important, for without coal the wheels of Italian industry—munitions and other factories—would necessarily stop turning.

All those things an army in the field is dependent upon were in turn dependent upon the fuel situation.

Is the apparent Italian collapse due to failure to heed those early appeals? Withstanding the fire of the German big guns with bayonets and fighting spirit is a bad business, as demonstrated previously in Russia and Rumania. It can't be done.

And from all that can be gleaned from carefully censored cablegrams this appears to be what General Cadorna is up against now.

The allies are rushing supplies. Although the situation may still be saved, this would seem to be a poor time to be rushing anything—to Italy. The supplies should have been there long ago.

The lesson for the allies is that absolute co-ordination among themselves is essential if the Germans are to be effectively checked at an early date.

The lesson for America is that more than ever, we must do our part. Also that, in doing our part, the industrial factor is of prime importance.

It is all very well to be sending troops to France in as rapidly increasing numbers as practicable. But at the same time, it must be remembered, the bulk of our limited shipping is still faced by the job of rendering impossible a repetition of what appears to be the real Italian disaster, not alone on the Italian, but on all other European fronts.

THE KAISER IS PLEASED.

The German government has just finished its seventh war loan campaign. The number of contributors is not made known, but the sum collected is more than twelve billion marks. In ordinary times this would exceed three billion dollars in our money. It is hard to tell just what the loan would be worth if used now to purchase supplies in the markets of the world. The German mark has steadily declined in value. It is probably no exaggeration to say that the loan is not worth more than one and a half billion dollars in real money—if that.

The Kaiser has just sent a telegram of congratulations to his finance minister.

It goes to show the fortunes of Wilhelm of the Hohenzollerns have fallen to the point where it does not take much to please him. He is thankful for small favors. If he can't make a dent in the British and French lines, he will grab a little Russian island

and call it a notable victory. If he can't lay his hands on real money, he will count stage money from the German people and announce it as a financial triumph.

War loans in Germany amount to just so much exchange of paper for the government and the people. The workers and their employers are and in pieces of government paper. Germany's promises to pay. The papers are good for their face value in Germany—because people have to take them at that value. They are good for their face value nowhere else in the world.

Even in the last year of our Civil war when the surrender at Appomattox was in sight, the confederate people could have floated millions of dollars worth of bonds, when there was hardly a dollar of real money in the southern states.

When the government announces a new loan the obedient German people hand in their paper money—government promises to pay—and take in return government bonds—more promises to pay. Little if any, real coin is involved.

The government apparently has made no provision against the reckoning in the future. No arrangement has been made for paying off part of the indebtedness by taxes or a sinking fund. The Prussian war makers were so sure they would conquer that they assured the money lords they would make the enemy pay Germany's debts. But the war has gone to the point where all the German inner circles realize they cannot obtain indemnities anywhere. This means their finances are pyramided to a point unusual in history.

The day of reckoning will come. Even when peace reigns once more, German promises to pay will be of little value outside of Germany. Cold-blooded bankers will see simply pieces of paper proffered by a nation head over heels in debt, which will be hard put to it to pay the interest, much less the principal. They will want to see the color of Germany's gold and silver. And if Germany complies it will not be long before the empire is completely drained of all its metallic currency. On the other hand, if it hoards its gold and silver, it will largely bar itself from the marts of the world. The Kaiser is entitled to all the pleasure he is able to extract from the present and future financial situation of his deluded people.

SPEAKS OF GERMANY.

Every once in a while some distinguished citizen of German ancestry, but naturalized as an American, speaks in burning words that should be drilled into the ears of all native-born or naturalized.

Professor Max F. Meyer of the University of Missouri, recently the recipient of an invitation to join one of the organizations with high sounding names whose real object is to paralyze the fighting arm of the American government, in replying that the invitation was an insult, said:

"I am thoroughly familiar with the present organization of the German social body and with its culmination, the present German government. I am much more familiar with it than any of your committee. I have lived in Germany 23 years. I was born there. I was educated there. I spent 19 years of my life in German educational institutions from the kindergarten to the research laboratory."

Professor Meyer cites these things to show that he knows Germany not from the outside, but from the inside, as a land in which the military class is the governing class. Stating these facts, Professor Meyer then utters this solemn warning to disloyalists in this country:

"If Germany wins this war, 50 years hence its government will rule the American people. I do not want my American children to be put under this yoke, which I escaped by coming to America. My hope is that the German government will be overthrown and that the German nation, my relatives and friends, will enter an international organization for peace and justice."

"But the German government, this fearful danger to our future, can be overthrown only by raising armies, not by sitting around your council tables and working for the repeal of conscription laws."

Secretary Daniels has fired a red hot address, to the doctors, against the double standard of morals. But hanged if we can see why the doctors should be especially picked on for that standard. A few warm words to the society mothers, Josephus!

The "efficient" Germans seem to have trouble in getting up Russia, either on sea or land. The Slav simply won't sink corked up. Russia sure has the record for "get-aways" in this war.

The first week in October the British shipyards launched more new tonnage than the U-boats sank in that period. The Kaiser might like his subjects know this. But he won't.

Milkmen in a pool? says a New York newspaper headline. Doggone em! are they filling their cans, or just washing them?

SCENE FROM FIRST ACT OF "WHEN DREAMS COME TRUE" AT THE AUDITORIUM TONIGHT

Saturday Evening Letter

By Justice J. E. Robinson

Grownups do not need to read this letter. It is on vaccination, grammar and composition. In former days when people were huddled together in small shacks with no ventilation, and when children were ill clothed and ill-fed, it was common for smallpox and other infectious diseases to become epidemic. The result was a furor for vaccination which occasionally broke out and prevails long after the cause has ceased. Kind nature is ever working to guard against diseases of animals and plants and so it is that a mild form of any disease causes nature to fortify against a more virulent attack of the disease.

To justify compulsory vaccination against smallpox there must be conditions which warrant it. There must be a real or imminent danger of the prevalence of smallpox. It must not be done to give some young doctor a chance to make money or to gratify the prevailing disposition of men to make others conform to their views. It must be the result of real or apparent and imminent necessity. The same is true of vaccination against hydrophobia and vaccination or treatment to prevent typhoid fever, diphtheria and other such diseases.

I, for thirty-five years I have been in North Dakota and have seen over much of the state and have never found a case of smallpox being prevalent. I have not seen a case of smallpox. While at Grand Forks, Fargo and other cities a large number of people have died from typhoid fever so that treatment to prevent typhoid fever seems far more necessary than treatment to prevent smallpox. In the early days of Fargo my children were excluded from the public schools because I would not allow them to be vaccinated, there being no real or apparent necessity for vaccination. I then thought and still think that the real purpose of the vaccination was to put money into the pockets of certain persons—young doctors on the school board—sure and certain it was not for the love of God or the love of the children. In the future I may write an essay on this subject.

In regard to grammar and composition let us commence by noting some general rules or hints. When a sentence is well composed it is easily spoken and easily read. A sentence is not well composed when you cannot read it without an effort and then shut your eyes and repeat it.

"A sentence is a unit of thought, an idea reduced to its lowest terms. It may not be necessary that each sentence be analyzed by strictly grammatical rules, but it is essential that the reader should recognize, by study if necessary, the subject and the predicate and the character and rank of the modifiers of each."

In the construction of sentences be careful to bring the adverbs and adverbial phrases close to the verb which they modify. Be careful to bring the adjectives and adjective phrases close to the nouns which they modify. See that the verb or predicate agrees with, and closely follows its subject. Remember that conjunctions couple the same modes and tenses of verbs and cases of nouns and pronouns. Do not continuously jump from one mode and tense of the verb to another mode and tense. Remember that the word "between" and every other preposition is followed by the objective case of nouns or pronouns. Then you will not say "between he and I" or "between him and I." Goldsmith once said to Samuel Johnson "Doctor, if you were to write a fable about little fishes you would make them talk like whales. And so it is with some of our judges. They seem to pride themselves on writing whale decisions and whale sentences. Here are four such sentences copied from a recent decision by one of our judges (for reference we number them 1, 2, 3 and 4). Please read each sentence and then shut your eyes and try to repeat it.

1. "The fourth assignment of error, relating to the failure of the court to instruct the jury that the fact that plaintiff had been held to answer the charge of the criminal action in district court after a preliminary hearing before a justice of the peace was prima facie evidence of the guilt of the plaintiff, is also without merit. It does not appear that the defendant requested any such instruction, and no direction, unless it amounts to misdirection in a matter of law in a civil case is not reversible error."

2. "If defendant had desired any instruction, all he needed to do was to call the matter to the attention of the court or prepare a written instruction himself, upon the subject on which he desired the instruction of law. It is the court and present it to the court and request the court to give such instruction."

3. "If the court refused to give such instruction and it was an instruction which could or might have been properly given, or if the failure to give it in any way materially affected the defendant's cause, the defendant could then present to this court the failure of the court below to give such instruction as a ground for reversible error."

today he served notice on the administrative heads calling for such inventory in detail.

NEW CORPORATIONS—

New corporations chartered by Secretary of State Hall today are the Fidelity Adjustment Co. of Devils Lake, F. T. Cuthbert, B. V. Bice and Arthur R. Smythe, capital \$10,000, and St. Peter's and St. Paul's society of Lankin, a non-profit-making association, whose principal incorporators are Joseph Bosh, L. J. Kalash and Frank J. Hodny.

You Cannot Expect To Have a Clear Complexion

By Constantly Massaging It With So-called Skin Foods or Creams, Often Rancid or Germy.

Substitute Cuticura For One Week

And make Cuticura Soap and Ointment your every-day toilet preparations. They cannot possibly injure the pores. Contrast the purity, fragrance, comfort and convenience of these super-creamy emollients with "beauty fads" so common, tiresome and expensive. A bath with Cuticura Soap and hot water on rising and retiring thoroughly cleanses and stimulates sluggish pores, giving the complexion a fresh healthy glow. If signs of pimples, redness or roughness be present, smear them with the Ointment and let it remain five minutes before bathing. Nothing purer, sweeter or more effective for your skin and hair than Cuticura no matter how much you pay for it.

For Free Samples by Return Mail Address post-card: "Cuticura, Dept. 22, 1 AOD." Sold everywhere.

THE TRIBUNE

A newspaper far in advance of all other newspapers, printed and circulated in Bismarck enters the morning field, Tuesday, November 6th. What this means to people living in the Capital City and surrounding towns.

The latest news from all over the world for you to read the first thing in the morning. The Tribune news service never stops—news is being sought and furnished Tribune readers 24 hours of the day.

News gathered from the time the Tribune press stops in the morning until 2 o'clock in the afternoon is furnished you in the Tribune's evening edition—from the time the press stops on the evening run until morning is supplied you in the morning edition.

Could the Tribune Give the People Living in Bismarck and Out Over the Missouri Slope a Better Service?

The demand for advertising space in the Tribune has been so great the management asks its advertisers to have their copy in the Tribune office one day in advance of publication, thus assuring all advertisers of their copy appearing in both editions at the price of one.

This we must insist upon owing to the help required and the limited time in the proper preparation of a "good set up." Will you help us by seeing your copy gets to the Tribune office as requested.

THE BISMARCK TRIBUNE North Dakota's Pioneer Newspaper

SOCIETY

TRAVELERS ANNOUNCE FIRST DANCING PARTY OF THE SEASON

The United Commercial Travelers will open their social season with a dancing party Saturday evening Nov. 10, in Patterson's hall. The entertainment committee, composed of J. C. Oberg, chairman, Dan S. Stewart, George Bowers and C. S. Fossum, are making elaborate plans for this event. A number of social events are being planned for the year. All traveling men are invited to attend.

OLD TIMERS TO HOLD BIG CELEBRATION

Thursday evening November 8, has been set for the old timers celebration of Bismarck and Burleigh county. This annual affair will be staged in the Knights of Columbus hall when it is expected that several hundred pioneers of the county will assemble for a big reunion.

The several committees, recently appointed to have charge of the affair, are making extensive arrangements for the entertainment of the guests which will include all residents of Bismarck and Burleigh county who have resided here 25 years. Mrs. O. W. Ward, Mrs. Austin Logan, Mrs. E. L. Faunce, Mrs. E. E. Morris, Mrs. Frank Paris of Bismarck and Mrs. J. W. Burch of Stewartville form the reception committee and T. E. Flaherty and H. L. Heide, the dance committee.

A short business session will be held when officers for the year will be elected and other matters considered. This will be followed by dancing and cards and the serving of refreshments.

BAKER'S COCOA

is pure

Purity in cocoa means carefully selected, scrupulously cleaned cocoa beans, scientifically blended, skilfully roasted, and with the excess of fat removed, reduced to an extremely fine powder by a strictly mechanical process, no chemicals being used, the finished product containing no added mineral matter.

AND IT HAS A DELICIOUS FLAVOR

Foot Comfort Now Assured

Whatever your foot ailments may be, you can learn how to overcome them if you will visit the Scholl foot expert at this store. He is from the office of Dr. Wm. M. Scholl, the world renowned foot specialist, and will be here a short time only. Whether you have ever tried any treatment for your foot troubles or not, it will be to your advantage to come in during the expert's visit and let him inspect your feet.

Scholl Foot Expert Here

Monday, Tuesday and Wednesday, Nov. 5, 6 and 7. His Services Are Free

There will be no charge whatever—no obligation on your part. The services of the expert are entirely free and you will not even be asked to purchase anything, nor do you need to be a customer of this store. We want every reader of this newspaper to know how easy it is to be freed from foot troubles. The Scholl foot expert will be here

Until Wednesday, November 7th

Come early in the week and early in the day so as to be sure of the most careful and thorough attention. Do not put off your visit until the last day and then find so many people ahead of you that your case cannot be given the time it should have. If you have any friends with foot troubles, bring them in, too.

RICHMOND & WHITNEY

MAIN ST. ET BISMARCK, N. D.

they will make their home. They will first go to Minneapolis to visit Mrs. Haney's parents before going to Mrs. Haney's home in Chicago. Later they will go to Chicago to spend the winter. Many remembrances were given to the two little daughters. A number of social events were given for the Haney's during the last two weeks.

GO-TO-SUNDAY-SCHOOL SUNDAY TO BE OBSERVED IN BISMARCK TOMORROW

Majority of Capital City Churches to have Special Services in Forenoon

A majority of the Capital City churches tomorrow will observe go-to-Sunday-school Sunday, to be noted throughout the United States and Canada at the request of the International Sunday School association. Governor Frazier, in common with chief executives in a majority of the other states, has proclaimed the day, and elaborate plans have been made by the churches and Sunday schools to bring out tomorrow morning a large attendance of adults as well as minors.

In practically every Sunday school in the city special programs have been arranged, and an effort will be made to interest those who attend tomorrow by invitation in regular attendance as Sunday school members.

CHURCH NOTICES

SWEDISH LUTHERAN CHURCH HOLDING DISTRICT MEETINGS.

The Bismarck district of the Swedish Lutheran church met in Bosto today in the first of a series of three meetings, the others to be held in Underwood and Malcolm Sunday and Monday inclusive.

The first meeting was held this morning at 10:30 when the reformation festival was celebrated. Addresses were made by Rev. A. G. Olson of Flasher, and Rev. Carl H. Olson of Wilton.

The Underwood meeting will be held Sunday morning at 10:30 with the celebration of the holy communion. The preparatory service will be in charge of Rev. A. G. Olson and the sermon will be preached by Rev. J. Edor Larson of Gwinner. At 3 o'clock in the afternoon the new church edifice of Underwood will be dedicated. The dedicatory sermon will be preached by Rev. E. L. Alfson of Bismarck and an address will be given by Rev. Carl H. Olson.

The Malcolm meeting will be held Monday morning at 10:30 with the installation of the new pastor, Rev. Svante A. Erling. The installation service will be in charge of Rev. Alfson assisted by Rev. Larson and Revs. A. G. and Carl H. Olson.

Catholic: Father Hiltner, pastor.

8 a. m. first mass, English sermon; 9:15 a. m. second mass, German sermon; 10:30 a. m. high mass, English sermon; 2 p. m. Sunday school; 7:30 p. m. evening service and benediction.

First Baptist, Fourth street and Ave. B.

Rev. L. R. Call, minister—Morning service at 10:30; Sunday school at 12 o'clock noon; Junior C. B. at 2 o'clock; Senior C. B. social hour at 5:30 and devotional service at 6:30; evening service at 7:30. Rev. G. L. Newcom will preach at both the morning and evening service.

St. George's Episcopal, Thayer and Third streets.

Rev. George Buzzelle, rector—Twenty-seventh Sunday after Trinity. Holy communion at 8 o'clock. Sunday school at 10; Litany, Holy communion and sermon at 11; evening prayer and sermon at 7:30; young people's meeting at 5:30.

ROYAL WORCESTER CORSETS

Back Lace or Front Lace

Fifty years ago, made-to-order corsets were a necessity. To-day, the ready-to-wear corset has the call. ROYAL WORCESTER corsets are responsible for this change.

Among the scores of designs—molded over living lines—are models conforming to the characteristic contour of every type of figure.

Thus you are assured utmost Comfort—newest Style—flawless Fit.

Model 559—

is ideally adapted for average figures and gives that very chic Parisian silhouette. White coutil.

Models for all figures at \$1, \$1.25, \$1.50, \$2, \$2.50 and \$3.

YOUR DEALER may offer substitutes. To obtain the genuine "ROYAL WORCESTER" corset, supply you, write us. Accept no substitutes.

Royal Worcester Corset Co., Worcester, Mass. Makers of Boston, Royal Worcester and Albert Corsets.

TEAM GIVEN FEED.

G. B. Allen Makes Good on Promise to High School Champs.

The Bismarck football team, which closed a brilliant season with its victory over the Mandan high on the local grounds Thursday evening, was honored last evening with a banquet at the Grand Pacific, tendered by G. B. Allen in fulfillment of a promise which he made the team before the Mandan game.

Coach C. F. Holt and all the team members and substitutes, including Fogarty, Yegen, Kilmer, Allen, H. Taylor, E. Taylor, W. B. Yegen, Spangler, Bernof, Couch, Cook, Grove and Love, sat down to a feast which Mr. Allen had provided, and a "right good time was had by all."

The 1917 eleven is one of the best which ever has represented the Bismarck high. It went through the season without losing a game, and only in the final game was its goal reached by an opponent.

ANTI-CONSERVERS
AT WORK IN SLOPEReports Actively Circulated to
Defeat Food Pledge
Move

Mandan, N. D., Nov. 3.—Active circulation of reports that the food pledge campaign undertaken by the food administration would lead to the confiscation of foodstuffs in homes, is reported in German communities of Morton county, and it also has gained considerable headway in this city, according to food pledge circulators.

The state food director, Dr. E. F. Ladd, has started a campaign to stamp out the propaganda work, but indications are that it will require several additional days in which to complete the canvass of German sections because of the prevalence of the propaganda.

IN MICHIGAN TOO.

Escanaba, Mich., Nov. 3.—An investigation has been started in three counties in the upper peninsula of Michigan in an effort to run down the instigators of libelous statements aimed at the defeat of the food administration's food pledge, according to S. S. Still, who is in charge of the Hoover campaign in Cloverland. Reports, Mr. Still says, of a nature derogatory to the food campaign, have been circulated in three counties, which will not be named for the present, and the instigators are said to be emigrants from a neutral country, who are said to be plotting against the United States government.

BRANDED IMPOSTERS.

Washington, D. C., Nov. 3.—The food administration today branded as imposters men in the different parts of the country, men who have attempted to buy home canned products put up by housewives representing themselves as food administration agents. At the same time the food administration took occasion again to deny that the government contemplates commandeering home canned goods.

PAVING ASSESSMENT, PAVING DIS-

Notice is hereby given that a special assessment for the construction of paving in Paving District No. 1, in the city of Bismarck, has been levied against the lots and tracts of land especially benefited by such improvement in the city of Bismarck, and the respective descriptions of such lots and tracts, to-wit:

T EUTONS TAKE AMERICANS
AS WAR PRISONERS

(Continued from Page One)

and the other, a Milwaukee man, from a gunshot wound.

Recorded as possibly accidental, Private Frank Vana, infantry, died on Nov. 1 of blood poisoning as the result of a gunshot wound. His mother lives in Milwaukee.

Private Ralph W. Wheeler, machine gun battalion, a son of Fred Wheeler, Westmoreland, N. Y., died Oct. 29 of natural causes.

RAIN HAMPER ARTILLERY.

By Associated Press.

With the American Army in France, Nov. 3.—Heavy rain, beginning Friday, hindered the activity of the artillery in the portion of the French front where the American battalions are on duty and converted the back areas into seas of mud.

No official communication was issued on Friday, but there has been nothing in the reports to headquarters to suggest any change in the normal situation along the American sector.

General Pershing returned yesterday from a visit to the British front. A party of American major generals has inspected the billets of the first contingent.

FRENCH ADVANCING.

Paris, Nov. 3.—The French are advancing between the Oise canal and the region of Corbeny, and have reached the south bank of the Ailette river, the war office announces.

The Germans have retreated to the north bank of the river. The bridges across the Ailette were destroyed by the Germans. Since Oct. 23 the French have captured 422 guns and 723 machine guns.

MONDAY AFTERNOON

OFFICIAL PROCEEDINGS OF THE BISMARCK CITY COMMISSION.

On October 29, 1917, the city commission met in regular session. There were present Commissioners Bertsch, Best, Kirk and President Lucas. The minutes of the meeting held October 22, 1917, were read and approved. The assessment for the stub end walks in paving districts numbers one and two was approved by the city commission. The Fargo Foundry company's bid for flat manhole covers was accepted by the city commission. The resolution accepting the grant of land for an alley in block 106, Original Plat, city of Bismarck, was adopted. A resolution creating paving district number three was adopted. A resolution creating paving district number four was adopted. A resolution creating paving district number five was adopted. The financial report for the month of September, 1917, was received and referred to the commissioner of finance. Thirty-six names of persons qualified for jury duty were drawn as required by law. The following bills were ordered to be paid, funds permitting:

T. R. Atkinson	\$237.29
W. A. Cleveland	38.00
Munroe's cafe	5.75

SINK FIFTY PERCENT.

London, Nov. 3.—Between forty and fifty per cent of the German submarines in the North Sea, the Arctic and the Atlantic, since the beginning of the war, have been sunk.

Sir Edric Geddes, first lord of the admiralty, in the house of commons today.

"During the last quarter, the Ger-

mans lost as many submarines as they lost in 1916," Sir Edric said.

The output of the merchant shipping he said was 123 per cent higher than in the corresponding period last year. The admiralty had decided that four new national shipbuilding yards would be necessary.

FUEL SITUATION IN EASTERN PART OF STATE IS STILL SERIOUS

Conditions Call for Energetic Work on Part of Administration, Says Babcock

The fuel situation remains serious in the eastern part of the state and calls for most vigorous action on the part of the administrator, announced Dean E. J. Babcock, acting president of the University of North Dakota and chairman of the fuel committee of the state defense council, today.

"I am confident the fuel administration is in good hands and that everything is being done that can be done. There is yet much to be done," said Dr. Babcock.

Write to-day to our medical director, who will give you valuable advice regarding the proper treatment of your own case. Address Swift Specific Co., Dept. 1 Atlanta, Ga.

By using S. S. S.

The germs of Rheumatism are in the blood, which is laden with millions of the minute demons of pain, causing untold suffering and bringing its victim from vigor and strength to almost helplessness. To get real and genuine relief from this disease, these disease germs must be completely routed out of the system through the blood.

S. S. S. has been used for fifty years with satisfactory results in the

treatment of Rheumatism. It acts directly upon the blood, which is promptly purified of all disease germs. It is a powerful antidote, and eliminates from the blood all trace of rheumatic germs, building up and strengthening the run-down system.

30,000 GERMANS KILLED.
Washington, Nov. 3.—Thirty thousand German soldiers, including two generals of divisions were killed in the great battle on the Hianszia plateau, according to cable reports received here today. It is further stated that General Cadorna is pushing reserves rapidly toward the Italian front, with every prospect of checking the enemy's advance. Assurances of British and French support, which will be immediately forthcoming, have been given by a war council held in Paris Wednesday.

CLAIM WITHDRAWAL.
Rome, Nov. 3.—The Italians forced the Austro-Germans in the attack in northern Italy to effect a withdrawal on the line of the Tagliamento, with the third Italian army nearly complete the war office announced today.

WATERS ASKS BANKERS TO CASH CHECKS

Bank Examiner Called to League Assistance to Help Out Finances

The power of the state banking department of North Dakota has been thrown behind the Nonpartisan league in its task of cashing the checks of farmers given to the league in payment of membership dues.

A remarkable letter which has gone

to the state banks over the signature of Mr. W. H. Webb, state bank examiner, has been sent to the institutions, asking them to cash with this rather unusual statement: "Affidavits have been filed with me held in abeyance and the future conduct of each bank carefully scanned."

Organizers Carry Blanks.

The very bank of the handling of the checks by the Nonpartisan league and the Nonpartisan league also is interesting. Organizers when they go to the farmers in payment of the \$10 membership dues, are given with pads of blank checks, on which the name of the bank is written.

Immediately all checks given for membership are post dated, falling due any time from a month to a year after the organizer obtains it. In great many instances, according to reports that have been made by various state banks, farmers have drawn checks on which they have no funds. The organizer is in some cases cited

as simply asking the farmer "what bank he did business with" and frequently checks were drawn on banks where the farmer had no checking account.

Naturally such checks were not honored by the banks.

Many Have No Deposits.

It has been frequently pointed out that the drawers of checks on banks in which they have no checking accounts lay themselves liable to criminal prosecution, but it also has been generally established that the farmers who drew such checks, had no criminal intent, merely acting upon the suggestion of the league organizers. The latter receive their commission as soon as they turn the checks in to headquarters, and that, of course, is the big item with the field representatives of the league.

Mr. Waters, who has come to the rescue of the Nonpartisan league, makes no reference to that particular class of checks.

A number of banks have also explained that in numerous instances farmers have savings deposits not subject to check, and such checks, of course, cannot be honored as against the savings funds.

Waters' Letter.

Mr. Waters' letter serving notice on the state banks, follows:

Oct. 25, 1917.

To the State Banks, State of North Dakota—

Gentlemen: Reports have come to the bank examiner that certain banks in this state have taken it upon themselves to refuse to pay checks made payable to different individuals, associations or corporations, drawn by men having money upon deposit, upon the ostensible plea that the checks were obtained by means of misrepresentation, fraud or other illegal means.

Affidavits have been filed by some of the payees of these checks and by the drawers of the checks even though the drawer of the check had thousands of dollars in the bank, that the cashier of the bank has, without any instructions from the drawer, refused payment of the checks, which in many cases were for small amounts, evidently upon the theory that the bank was the guardian of the drawer of the check and that the drawer of the check did not know what he was doing when he signed the same.

You are hereby notified that hereafter such conduct on the part of any cashier or other officer of any bank will not be tolerated by this department. This department believes that the farmers and others of this state know what they are doing when they draw checks.

The refusal on the part of any officer of any bank in this state to pay such checks is a violation of the state banking laws and the same will be enforced.

In order that there may be no misunderstanding about this matter I wish to state that checks payable to the Nonpartisan league or any organizer thereof constitutes some of the instances of this kind.

Affidavits which have been filed will be held in abeyance and the future conduct of each bank carefully scanned. Very truly yours,

J. R. WATERS,
State Examiner.

TRAVELING MEN TO TALK FOOD CONSERVATION

Traveling men will meet this afternoon at 4 p. m. at the Commercial club to consider ways and means to conserve food. A week ago they organized the Traveling Men's Food Conservation club. Today they meet with the managers and chefs of the hotels to talk over food conservation. They urge a meatless day or two a week, and want all hotels of the state

DR. LA ROSE TO TAKE QUAIN'S PLACE ON N. D. DEFENSE COUNCIL

Dr. V. J. La Rose of Bismarck has been named a member of the North Dakota defense council to succeed Dr. E. P. Quain, who expects to leave soon as major of the Red Cross unit which he has organized here.

to cooperate with Herbert Hoover, food administrator.

PROHIBIT MEETINGS.

London, Nov. 3.—Concerning the political situation in Ireland, the Daily Mail today says:

"There is reason to believe that a feeling of disquiet has developed in Dublin and some country districts over the Sinn-Fein situation. Prof. De Valera's meetings fixed for Sunday have been prohibited."

Prof. De Valera is a member of parliament for East, but has never taken his seat.

McKenzie dining room open after the play Saturday night. Good music and dancing.

YOUR SUCCESS IS OF INTEREST TO THIS BANK

A Bank is more than a building, a number of officers, burnished brass and plate glass.

It is the result of the greatest of all human endeavors—industry and co-operation.

Your own interest in your family, your business and yourself must dictate what ANY bank can mean to you.

OUR interest in the success of our every depositor determines the value of THIS bank to you.

A Double-Barreled Opportunity!

Overland

Closed Cars

Immediate Delivery

A closed car when you need it without suffering delays

Substantial Saving

These cars were built when material prices were lower—you profit

NOW is the time of year for closed cars. And here they are!

Above is a Double-Barrel reason for ordering your four or six cylinder Overland Sedan or Coupe, at once.

But a bigger reason—is because of the cars themselves.

They are beauties!

Better still, they are most practical and serviceable.

They are built for hard use—continuous use!

Ample protection and comfort are combined with remarkable sureness of performance.

You can depend upon them to render the desired results at all times—in all weather—for all occasions and on all roads.

They have the powerful thirty-five horsepower four cylinder Overland motor or the 35-40 horsepower six cylinder motor, as you prefer.

Let your Willys-Overland dealer show you.

Model Eighty-Five Four Sedan \$1485 Coupe \$1285

Model Eighty-Five Light Six Sedan \$1620 Coupe \$1420
